REASONS FOR UNDER PERFORMANCE

- ❖ Untimely release of funds.
- ❖ Heavy workloads.
- ❖ Lack of enough judicial officers.
- ❖ Absenteeism, late coming, leaving early.
- ❖ Delay to render decisions after hearing cases.
- ❖ Absence of sufficient Prosecutors in a number of Courts.
- ❖ Lawyers seeking for unnecessary adjournments.
- ❖ Lack of or inadequate space especially where Judges have to wait for court halls.
- ❖ Power shortages.
- ❖ Etc.

EMERGING ISSUES DURING THE YEAR 2024

- 1) In August 2024, former Lord's Resistance Army commander Thomas Kwoyelo was convicted on 44 counts, marking a significant milestone in Uganda's judicial history.
- 2) The High Court faced challenges with high caseloads, which affected its performance. Efforts to manage and reduce these backlogs are ongoing.
- 3) The Judiciary made strides in adopting technological solutions to enhance case management and overall efficiency.
- 4) The Judiciary engaged in law reforms which impacted on High Court's performance to improve justice delivery.

Cont...

5. Juvenile Sessions for handling all cases involving juveniles were conducted in November and December 2024.

6. Special SGBV sessions conducted in selected Courts

7. High Court Quarterly Performance review meetings conducted each quarter;

Assisted in the following

- evaluating performance quarterly.
- Cleaning of data.
- Sharing of best practices.
- Compiling a matrix of issues affecting performance of Courts.

HIGH COURT QUARTERLY PERFORMANCE REVIEW MEETINGS

- Attended by Heads and Deputy Heads of Divisions and Circuits to review performance of the High Court.
- Chaired by DCJ/Chairperson, Case Management Committee of the Judiciary

Some key resolutions have been made that have influenced planning to wit;

- Support and roll out of innovations such as plea bargaining, mediation, small claims, and adoption of daily hearing of criminal cases.
- Best practices such as combining interlocutory applications with main suits to reduce proliferation of cases in the system.
- Change of attitude to strengthen the supervisory role of Judges.
- Each Division/Circuit/Court to prepare properly costed case clearance plans with defined time schedules. This shall be integrated into a Judiciary wide case clearance plan for each year.
- Divisions/Circuits/Courts should hold regular internal case management meetings, peer reviews, agreeing targets and timely progress reporting monthly, cleaning up and ensuring ownership of data in CASS.

Cont...

- Strengthen coordination in the chain of justice and adopt standards approved under the chain linked initiatives.
- Support the implementation of a robust ADR framework including reform of the existing mediation practice and placements.
- ICT, equipment and tools must be provided to facilitate Judicial officers to dispose cases and engage stakeholders e.g. through use of online platforms and opportunities for online hearing of cases and delivery of judgements.
- Develop a tool that will monitor case load and performance of judicial officers at all levels.
- Embrace new rules of procedure to enhance court performance and train members of the bar and bench on new rules and processes.
- Regular training, sensitization and capacity building for Staff of the Judiciary on data management systems and best practices.
- Regular and instantaneous update of data on the systems.
- Ensure criminal session cases resolved through Plea Bargaining are substituted with additional cases to ensure value for money.
- Mode of disposal of cases should be indicated in session reports.
- Need for a martial plan to handle stations that have a high caseload as a way of dealing with backlog.

Cont...

General issues arising from the Quarterly Review meetings;

- Underfunding of the Office of the Director of Public Prosecutions is affecting prosecution of criminal cases in many courts across the country.
- Shortage of court halls is a cross cutting challenge in many of the Circuits and Divisions.
- Apart from Jinja, all other courts do not have standardized archives.
- The CCAS statistics usually do not tally with the physical files.
- Disappointment at the manner in which support staff are irrationally transferred without first consulting with the affected judges.
- Transfer of clerks to areas where they do not understand and translate the local languages spoken in the area. There is therefore need for re-alignment of transfers of clerks.
- There is a need for improvement on the ECCMIS system speed as part of the general feedback from ECCMIS users.
- ECCMIS system doesn't make provision for Airtel and other service providers to make payments online.

Cont...

- Need for beefing up security for judges who are increasingly being targeted.
- Harmonious relations with fellow judges should be emphasized as a topic during induction for judges so that internal clashes are avoided.
- The issue of having many Magistrates in one station with only one court hall makes work counter-productive.
- Need for a system that interlinks the judiciary with other government agencies for easy verification of documents.
- Support staff with God fathers who are problematic at some stations.
- Concern that mediators at courts were no longer getting payment.

WHAT TO LOOK OUT FOR IN THE YEAR 2025

- 1) Improved Case Backlog Management and Clearance Rates.
- 2) Adoption of alternative dispute resolution (ADR) methods in reducing congestion in courts.
- 3) Enhanced Judicial Accountability and Transparency.
- 4) Appointment of more High Court Judges to improve case disposal rates.
- 5) Operationalization of more High Court Circuits.
- 6) Infrastructure expansion projects, such as new court buildings.
- 7) Legal Reforms and Policy Changes.
- 8) Technological Advancements in Judicial Processes.
- 9) Stakeholder Engagement to increase Public Trust in the Judiciary.

Cont...

10. Masterplan for clearance of backlog cases involving sending of three Judges to selected circuit to clear backlog and caseload. In this quarter we are starting with Mbarara, Soroti, Mbale, Jinja/Iganga and Masindi.

11. Commencement of Special Courts for SGBV cases in the selected circuits of Gulu, Masaka and Arua at Nebbi.

COMMON COMPLAINTS TO MY OFFICE BY THE COURT USERS

- Delayed judgments and rulings.
- Allegations of bias.
- Delays to avail copies of judgments/rulings and record of proceedings.
- Rudeness/lack of customer care.
- Allegations of corruption on some judicial officers or their staff.
- uncertainty of hearing dates in some courts.
- Laziness/Late coming/absenteeism

COMMENDATION

I commend the following Judges for consistently exhibiting hard work in terms of exceptional high disposal rate each quarter in the year 2024;

1. Hon. Lady Justice Naluzze Aisha Batala, Judge, Land Division
2. Hon. Lady Justice Kania Rosette Comfort: Judge, Criminal Division
3. Hon. Lady Justice Rubagumya Tumusiime Patience Emily: Judge, Commercial Division

THE END

THANK YOU
